MISSION

The Capital Campaign's sole purpose is to raise a minimum of \$50, 000.00 for this school year to support programs and provide additional resources for our students.

YOUR SUPPORT COUNTS

One of the distinguishing characteristics of a charter school is the level of parental involvement. D. A. T. E. parents have always embraced parental involvement by going above and beyond requirements and expectations in support of our school. One of the areas required at our charter school is financial support. Our charter mandates parental financial support by establishing a driven Capital Campaign.

D. A. T. E. DEVELOPMENT FUND

This year, the funds raised through the Capital Campaign will be used for adding more technology hardware and software for our students and the onset of funding for the addition of a fine arts annex. The Capital Campaign is targeting a distinct channel for raising financial resources, direct gifts!

We have a goal of \$50,000.00 for our direct gifts channel. Through the direct gifts of parents and extended family members, and the community and friends of D. A. T. E.; we will exceed our goal. The campaign gives parents and families the opportunity to make a financial investment in the education of their children.
